

Marker ID 0 — “common”

DICT_4X4_50 · black square exactly 100 × 100 mm

Dashed line = minimum white border (25 mm on every side). Cut OUTSIDE it — never closer to the black square.

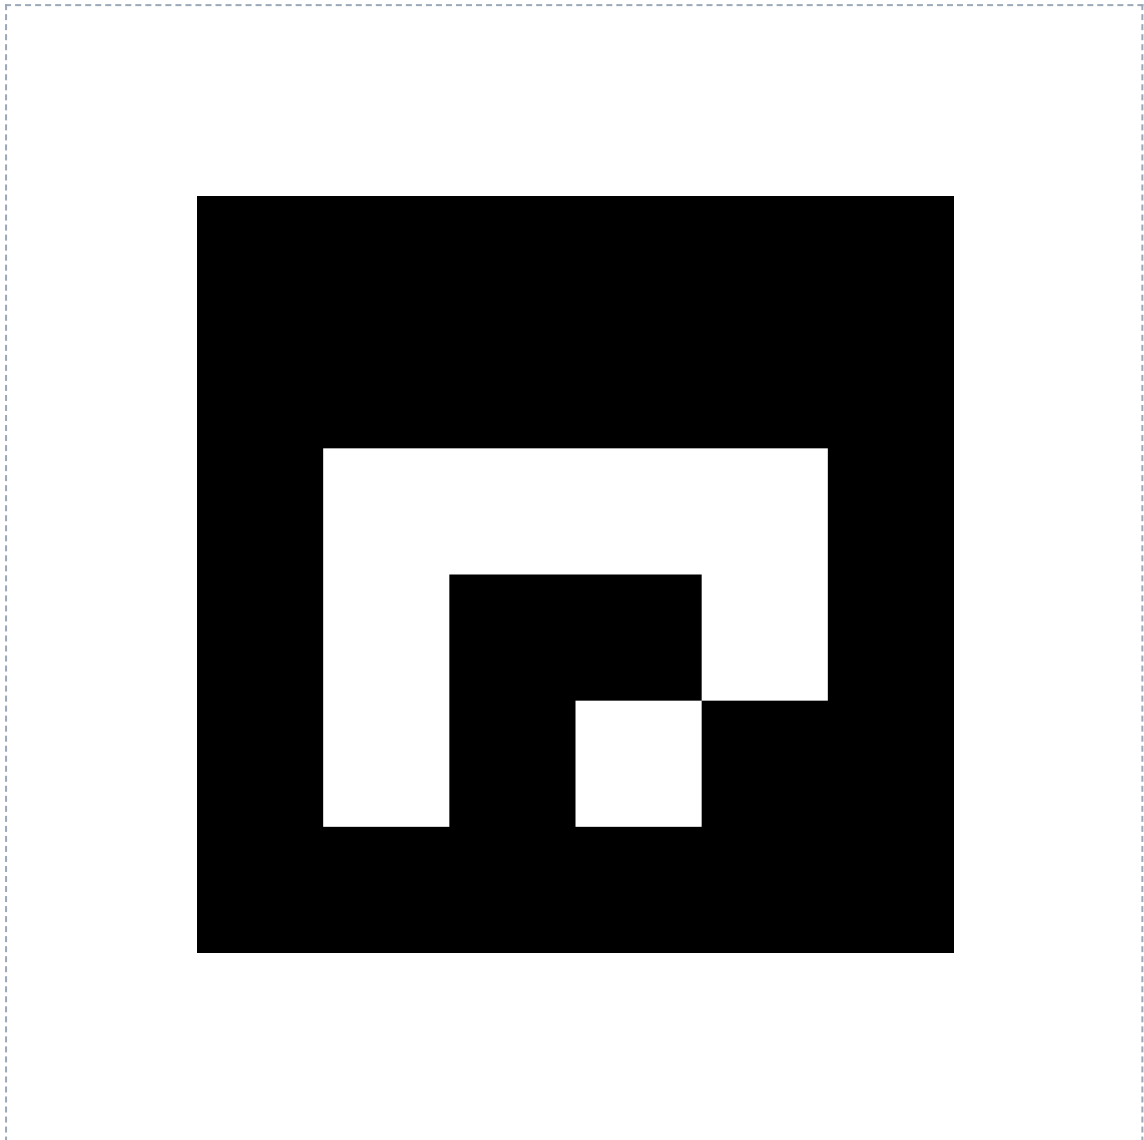

Scale check: this bar must measure exactly **100 mm** with a ruler (tick = 50 mm).

Print at 100% / actual size. Disable “fit to page”. After printing, measure both the bar and the black square with a ruler before mounting.

Marker ID 1 — “chest”

DICT_4X4_50 · black square exactly 100 × 100 mm

Dashed line = minimum white border (25 mm on every side). Cut OUTSIDE it — never closer to the black square.

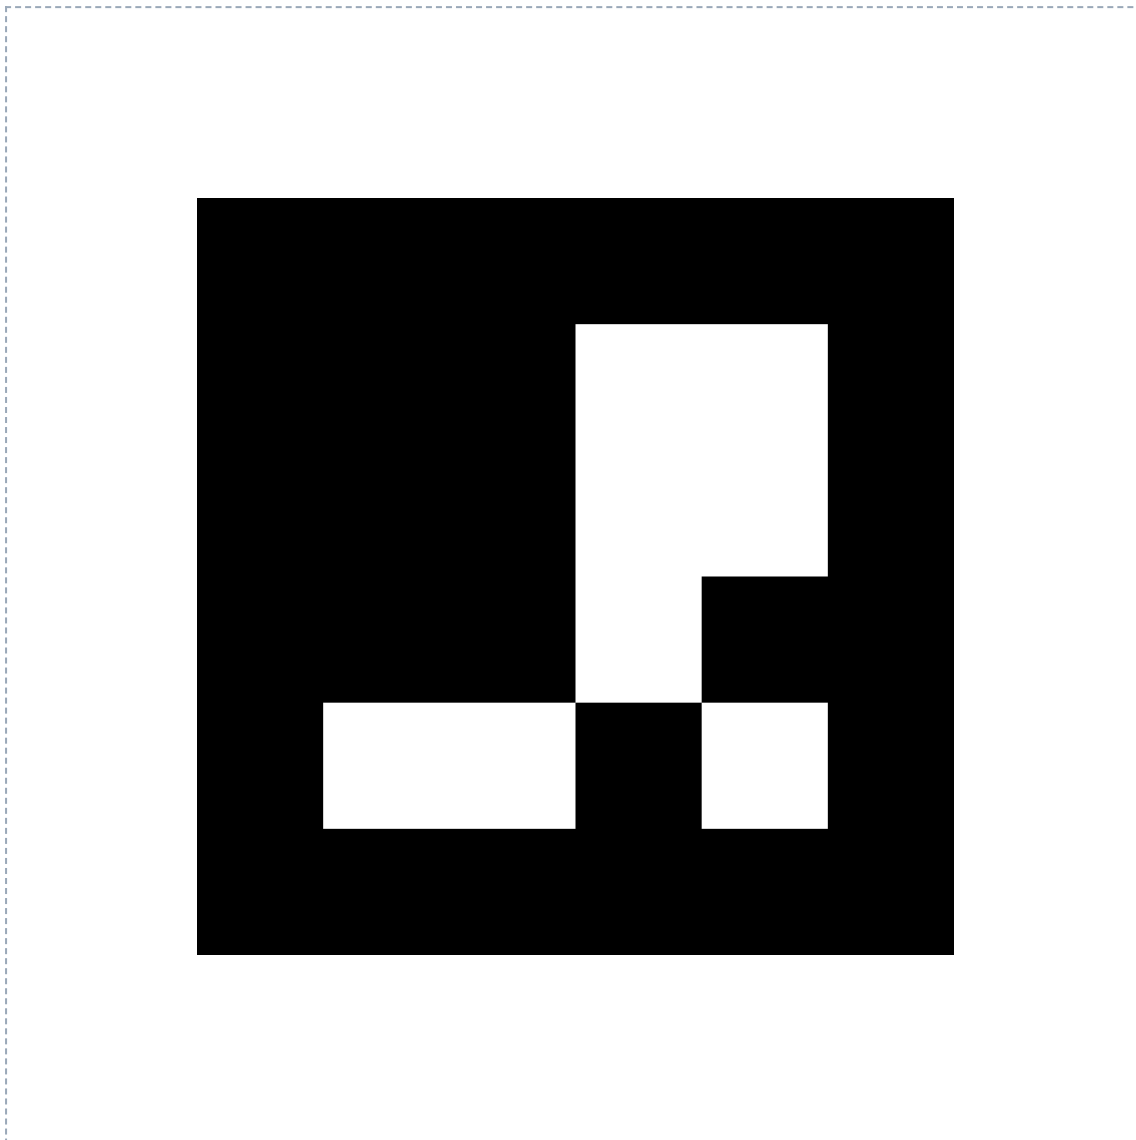

Scale check: this bar must measure exactly **100 mm** with a ruler (tick = 50 mm).

Print at 100% / actual size. Disable “fit to page”. After printing, measure both the bar and the black square with a ruler before mounting.

Marker ID 2 — “navel”

DICT_4X4_50 · black square exactly 100 × 100 mm

Dashed line = minimum white border (25 mm on every side). Cut OUTSIDE it — never closer to the black square.

Scale check: this bar must measure exactly **100 mm** with a ruler (tick = 50 mm).

Print at 100% / actual size. Disable “fit to page”. After printing, measure both the bar and the black square with a ruler before mounting.
